# Pumpkin Recycling

## Why compost pumpkins?

- They are full of nutrients that are good for the soil.
- They are 90% water.
- Most of the pumpkins processed in the United States are grown in Illinois – keep the water and nutrients here!
- Landfills are the 3<sup>rd</sup> largest producers of methane gas.

## Don't Let Your Waste *Haunt* You

### Compost Your Pumpkin in Carol Stream!

Saturday, November 4th

8AM – Noon

@ [Water Reclamation Center](#)  
245 Kuhn Rd. Carol Stream, IL

This will be in conjunction with an e-recycling event  
Check the Village's website for more details
