

Shred Days

Securely dispose of personal documents and enjoy a free treat at our annual event!

During our Shred Days you are invited to bring personal documents to a local Inland Bank location for secure on-site disposal through Citadel Information Management, a service provider of document storage and disposal. Please view the schedule below for dates, times, and branch locations near you. Limit of 3 boxes per person.

As a reminder, properly disposing of personal documents is one way for people to protect themselves from identity theft. The Federal Trade Commission recommends shredding sensitive documents such as charge receipts, old utility bills, copies of credit applications, insurance forms, physician statements, unused checks, bank statements, and expired charge cards.
